DONATION GUIDE

About Us

SAE Aero UW is the University of Wisconsin-Madison's chapter of SAE International's Aero Design competition. We are a dedicated group of students who are eager to put our engineering skills to the test. Our team is tasked with the challenge of designing, building, and flying an RC (Remote Controlled) airplane that meets the rigorous requirements set by the SAE Aero Design Competition. Competing against teams from academic institutions around the globe, we aim to create a high-performance aircraft capable of carrying a payload through a designated flight path in compliance with competition rules.

Through this experience, our members gain invaluable hands-on experience in a fast-paced, industry-like environment, applying theoretical knowledge from coursework to real-world engineering challenges. Beyond the competition, SAE Aero UW engages with the broader community through social media, educational outreach, and recruitment events, offering opportunities for both students and companies to connect and collaborate.

Current Sponsors

Our Sponsors

SAE Aero UW depends on sponsorship from giving partners for the financial and material costs of designing and building our airplane.

Sponsorship Tiers

Partner Benefits	Diamond (\$2,000+)	Gold (\$1,000 - \$1,999)	Silver (\$500 - \$999)	Bronze (\$100 - \$499)

Donations:

Checks should be made out to “SAE Aerospace UW” with a letter stating the gift amount, intended purchase, and contact information below:

SAE Aerospace UW
510 W Mifflin St
Madison, WI 53703

Please reach out to Aiden Brion (acbrion@wisc.edu) regarding material donations.

We’d love the opportunity to answer any questions that you may have. We greatly look forward to the potential partnerships that can be forged and how they might help the future endeavors of the aerospace industry. We appreciate the consideration you’ve given to our organization and hope that you might choose to sponsor our team and promote engineering and education.
